

INDEPENDENT AUDITOR'S REPORT

To The Members of Fortis Health Management Limited Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Fortis Health Management Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Material uncertainty related to Going Concern

We draw attention to Note 45 to the standalone Ind AS financial statements, which indicates that the Company has accumulated losses of ₹ 45,376.31 lakhs and has incurred a net loss of ₹ 6,224.37 lakhs during the year ended March 31, 2019 and, as of that date the net worth of the Company has been completely eroded. Also, the Company's current liabilities exceeded its current assets by ₹ 81,286.69. These events or conditions, along with other matters as set forth in Note 45, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the standalone Ind AS financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note.

Our opinion is not modified in respect of this matter.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors report, but does not include the standalone Ind AS financial statements and our auditor's report thereon. The Board of Directors report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information to be identified when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has certain pending litigations as on March 31, 2019. However, there is no impact on the financial position of the Company for the reasons stated in note 42.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Fortis Health Management Limited (the "Company") as of March 31, 2019 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2019, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (b) The Company has a program of verification of property, plant and equipment to cover all the items once in every two years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As part of this program, the Company had performed its last physical verification of property, plant and equipment on March 31, 2018 and no material discrepancies were noticed on such physical verification.
 - (c) According to the information and explanations given to us, we report that, immovable properties of land and buildings whose title deeds have been pledged as security for non-convertible debentures are held in the name of the Company based on the confirmations directly received by us from lender's trustee. The title deed of the land situated at Malar, Chennai is under dispute. In respect of such dispute, the Company has been legally advised that it has the title deeds in its name for the aforesaid immovable property and that it will be able to defend any counter claims to such property.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
 - (iii) According to the information and explanations given to us and based on the audit procedures conducted by us, the Company has granted unsecured loans to companies covered in the register maintained under section 189 of the Act, in respect of which:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, *prima facie*, prejudicial to the Company's interest as in accordance with the terms of loan agreement, the interest on inter corporate deposits granted were receivable on demand but have not been called for by the Company during the year.
 - (b) The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.
 - (c) There is no overdue amount remaining outstanding as at the year-end.
 - (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
 - (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. Further, according to the information and explanations given to us, there are no unclaimed deposits, hence the provisions of Sections 73 to 76 of the Act do not apply to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax and other material statutory dues applicable to it to the appropriate authorities.
We are informed that operations of the Company during the year did not give rise to any liability for excise duty, sales tax and value added tax.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.

(c) Details of dues of Income-tax which have not been deposited as on March 31, 2019 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Involved (₹)	Amount Unpaid (₹)
Income Tax Act, 1961	Disallowance under section 14A read with Rule 8D	Commissioner of Income Tax (Appeals)	AY 2012-13	0.14 lakhs	0.14 lakhs

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks and dues to debenture holders, except as under:

(a) In case of defaults in the repayment of dues to the debenture holders:

Particulars	Amount of default of repayment of dues (₹ in lakhs)		Period of default
	Principal	Interest	
Due to Debenture-holders	-	541.96	July 12, 2017 to March 31, 2019

The Company has not taken any loans or borrowings from financial institutions and government.

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence, reporting under clause (ix) of the Order is not applicable.

- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has neither paid nor provided managerial remuneration as per the provisions of section 197 read with Schedule V to the Act as the Company has incurred loss during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 188 and 177 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone Ind AS financial statements etc. as required by the applicable accounting standards.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with him and hence provisions of section 192 of the Act are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

1. Corporate Information

- a) Fortis Health Management Limited (“the Company”) was incorporated in India in the year 2008 and is a subsidiary of Fortis Healthcare Limited. The Company is engaged in the business of providing clinical establishment services including certain out-patient department (OPD) and radio diagnostic services at Malar, Chennai and running hospital operations in Nagarbhavi, Bengaluru. The ultimate holding company is IHH Healthcare Berhad. The Company has entered into a Hospital and Medical Services Agreement (HMSA) with Fortis Malar Hospitals Limited (FMHL) (hereinafter referred as ‘hospital operating company’) and shall provide FMHL on an exclusive principal to principal basis, hospital services including clinical establishment services, Out Patient Department (OPD) services and radio diagnostic services and shall receive service fee in respect thereof.

The registered office of the Company is located at Escorts Heart Institute and Research Centre Okhla Road, New Delhi 110025 and the corporate office of the Company is located at Tower A, Unitech Business Park, Block – F, South City 1, Sector – 41, Gurugram, 122001, Haryana, India.

- b) During the current year w.e.f. January 15, 2019, Fortis Healthcare Limited became the holding company of the Company pursuant to the Master Purchase Agreement dated 12 February 2018, wherein the shares held by FGHIPL in the Company have been sold to Fortis Healthcare Limited.

Further, the NCD’s held by RHSPL have also been sold to Fortis Healthcare Limited on January 15, 2019 pursuant to the MPA.

2. Significant accounting policies

2.1 Basis of preparation

The standalone Ind AS financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and the relevant provisions of the Companies Act, 2013 (the “Act”). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The standalone Ind AS financial statements are presented in INR and all values are rounded to the nearest lakhs except when otherwise indicated.

The standalone Ind AS financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each financial year.

Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone Ind AS financial statements is determined on such a basis, except for, leasing transactions that are within the scope of Ind AS 17.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.2 New and amended standards and interpretations

The Company applied for the first time following amendment to the Ind AS which are effective for annual periods beginning on or after April 01, 2018. The nature and the impact of the amendment is described below:

i. New Indian Accounting Standard 115 (Ind AS) effective during the year.

Ind AS 115 'Revenue from contracts with customers' was notified on March 28, 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. This new standard requires revenue to be recognised when promised goods or services are transferred to customers in amounts that reflect the consideration to which the Company expects to be entitled in exchange for those goods or services. The adoption of above Ind AS does not have material effect on the Company's standalone Ind AS financial statements.

ii. Amendments to Ind AS effective during the year

Amendments to Ind AS 12 - Recognition of deferred tax assets for unrealised losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact.

The adoption of above Ind AS does not have effect on the Company's standalone Ind AS financial statements.

Appendix B to Ind AS 21 - Foreign currency transactions and advance consideration

The Appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration.

Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after:

- (i) The beginning of the reporting period in which the entity first applies the Appendix, or
- (ii) The beginning of a prior reporting period presented as comparative information in the standalone Ind AS financial statements of the reporting period in which the entity first applies the Appendix.

The adoption of above Ind AS does not have effect on the Company's standalone Ind AS financial statements.

Amendments to Ind AS 40 - Transfers of investment property

The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use.

Entities should apply the amendments prospectively to changes in use that occur on or after the beginning of the annual reporting period in which the entity first applies the amendments. An entity should reassess the classification of property held at that date and, if applicable, reclassify property to reflect the conditions that exist at that date. Retrospective application in accordance with Ind AS 8 is only permitted if it is possible without the use of hindsight.

The Company does not have any investment property and thus, these amendments have no impact on standalone Ind AS financial statements.

Amendments to Ind 112 - Disclosure of interests in other entities: clarification of the scope of disclosure requirements in Ind AS 112

The amendments clarify that the disclosure requirements in Ind AS 112, other than those in paragraphs B10–B16, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal group that is classified) as held for sale. These amendments are not applicable to the Company.

Ind AS 28 Investments in associates and joint ventures – clarification that measuring investees at fair value through profit or loss is an investment-by-investment choice

The amendments clarify that:

- An entity that is a venture capital organisation, or other qualifying entity, may elect, at initial recognition on an investment-by-investment basis, to measure its investments in associates and joint ventures at fair value through profit or loss.
- If an entity, that is not itself an investment entity, has an interest in an associate or joint venture that is an investment entity, the entity may, when applying the equity method, elect to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture, at the later of the date on which: (a) the investment entity associate or joint venture is initially recognised; (b) the associate or joint venture becomes an investment entity; and (c) the investment entity associate or joint venture first becomes a parent.

These amendments are not applicable to the Company.

2.3 Recent accounting pronouncements

(i) New Indian Accounting Standard (Ind AS) issued but not yet effective

Ind AS 116 Leases

Ind AS 116 *Leases*, introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months. Lessees are required to initially recognize a lease liability for the obligation to make lease payments and a right-to-use asset for the right to use the underlying asset for the lease term. The lease liability is measured at the present value of the lease payments to be made over the lease term.

The new standard permit lessees to use either a full retrospective or a modified retrospective approach on transition for leases existing at the date of transition, with options to use certain transition reliefs.

Ind AS 116, was notified on 30 March 2019 by Ministry of Corporate Affairs and will be effective for periods beginning on or after 1 April 2019. This standard will replace the existing lease standard, Ind AS 17 *Leases*, and related interpretations. The Company is currently evaluating the impact that the adoption of this standard will have on its standalone Ind AS financial statements.

(ii) Amendment to Ind AS issued but not yet effective

Ind AS 12 Income taxes (amendments relating to income tax consequences of dividend and uncertainty over income tax treatments)

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividend in profit or loss, other comprehensive income or equity according to where the

entity originally recognised those past transactions or events. The Company does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability. The Company does not expect any material impact of the amendment on its standalone Ind AS financial statements.

Ind AS 109 Prepayment Features with Negative Compensation

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Company does not expect this amendment to have any material impact on its standalone Ind AS financial statements.

Ind AS 19 Plan Amendment, Curtailment or Settlement

The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect this amendment to have any material impact on its standalone Ind AS financial statements.

Ind AS 23 Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Company does not expect this amendment to have any material impact on its standalone Ind AS financial statements.

Ind AS 28 Long-term Interests in Associates and Joint Ventures

The amendments clarify that an entity applies Ind AS 109 *Financial Instruments*, to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied. The Company does not expect this amendment to have any material impact on its standalone Ind AS financial statements.

Ind AS 103 Business Combinations and Ind AS 111 Joint Arrangements

The amendments to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation, it re-measures previously held interests in that business. The amendments to Ind AS 111 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Company does not expect this amendment to have any impact on its standalone Ind AS financial statements.

2.4 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

(a) Service fee

Operating income from Hospital and Medical Services is recognized as and when services are rendered. As per Hospital and Medical Services Agreement (HMSA), total operating income is bifurcated into base fees (which is fixed) and variable fees (which is fixed percentage of actual revenue earned by the hospital operating company).

(b) Income from hospital operation

Hospital Income is recognised when services are rendered to the patients in the Hospital. Operating income from hospital services is recognised as and when the services are rendered/pharmacy items (Medical consumables and drugs) are sold. Revenue from sale of goods is recognised when it satisfies the performance obligation by transferring the promised services to customers at amount that reflect the consideration to which the Company expects to be entitled in exchange for those services.

(c) Rental income

Revenue is recognised in accordance with terms of agreements entered into with the respective lessees.

(d) Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

Rental expense from operating leases is recognised on a straight-line basis over the term of the relevant lease.

The Company as lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of an asset are classified as operating lease.

2.6 Foreign currencies

Functional currency: The functional currency of the Company is the Indian Rupee.

Transactions and translations: In preparing standalone Ind AS financial statements, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

At the end of each financial year:

- (a) Monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.
- (b) Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.
- (c) Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the statement of profit and loss in the year in which they arise.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the statement of profit and loss in the year in which they are incurred.

2.8 Employee benefits

Employee benefits include provident fund, employee state insurance plan, gratuity fund and compensated absence.

(a) Defined benefit plan

Defined retirement benefit plans comprise of gratuity, which is recognised based on the present value of defined benefit obligation and is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Defined benefit costs are categorised as follows:

- service cost;
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the statement of profit and loss in the line item 'Employee benefits expense'.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised in the statement of profit and loss.

Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the year in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to the statement of profit and loss.

(b) Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. Such benefits include salaries and variable pay.

(c) Long-term employee benefits

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet; to the extent it does not have an unconditional right to defer its settlement for a period of twelve months after the end of the year. Where the Company has the unconditional legal and contractual right to defer the settlement for a period beyond twelve months, the same is presented as non-current liability.

(d) Defined contribution plan

Employee benefit under defined contribution plans comprising of provident fund and employee state insurance plan are recognised based on the amount of obligation of the Company to contribute to the plan. The same is paid to the provident fund authorities and Employee State Insurance Corporation, respectively which are expensed off during the year.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(a) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the financial year.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India.

(b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone Ind AS financial statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all parts of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the financial year, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable company and the same taxation authority.

(c) Current and deferred tax for the year

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.10 Property, plant and equipment (PPE)

For transition to Ind AS, the Company had elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Building held at Malar, Chennai and leasehold improvements held at Nagarbhavi, Bengaluru held for use in the supply of services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Freehold land held at Malar, Chennai is not depreciated.

Plant and machinery, medical equipment, furniture and fittings, computers, office equipment and vehicles are stated at cost less accumulated depreciation and accumulated impairment losses.

Components of costs

The cost of an asset includes the purchase cost including import duties and non-refundable taxes, borrowing costs if capitalisation criteria are met and any directly attributable costs of bringing an asset to the location and condition of its intended use.

Subsequent expenditure related to an item of property, plant and equipment is added to its carrying value or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the year in which they are incurred.

Projects under which tangible fixed assets are not yet ready for their intended use are carried at cost, comprising of direct cost, related incidental expenses and attributable interest and such properties are classified to the appropriate categories of property, plant and equipment when completed and ready to use.

The carrying amount of a property, plant and equipment is de-recognised upon disposal of property, plant and equipment or when no future economic benefits are expected from its use. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Depreciation on leasehold improvements is provided over the primary period of lease or over the useful life of the respective assets, whichever is shorter.

The useful life of property, plant and equipment is reviewed at the end of each year if the expected useful life of the asset changes significantly from previous estimates, the effect of such change in estimates are accounted for prospectively.

Depreciation is provided at the following rates based on the management’s estimates of the useful life of the property, plant and equipment, which is lower than/equal to the useful life prescribed under Schedule II to the Companies Act, 2013. For these class of assets, useful life has been assessed based on internal assessment and technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, anticipated technological changes, etc.:

S.No.	Assets	Current useful lives (years)
1.	Building	10-60
2.	Plant and machinery	3-45
3.	Medical equipment	1-20
4.	Furniture and fittings	6-16
5.	Computers	4-6
6.	Office equipment	2-19
7.	Vehicles	9-11
8.	Leasehold improvements	3

2.11 Intangible assets other than goodwill

For transition to Ind AS, the Company had elected to continue with the carrying value of all of its intangible assets recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Intangible assets acquired separately are measured on initial recognition at cost less accumulated amortisation and accumulated impairment losses, if any.

Cost is the amount of cash or cash equivalents paid or the fair value of other consideration given to acquire an asset at the time of its acquisition or construction, or, when applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of other Indian accounting standards.

Intangible assets are amortised on straight line basis over the estimated useful economic life. Estimated useful economic life for software is five years as per management estimates.

2.12 Goodwill

Goodwill arising on acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to Company's cash generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the statement of profit and loss.

2.13 Impairment of tangible and intangible assets other than goodwill

The Company reviews the carrying amounts of its intangible assets and property, plant and equipment (including capital works-in-progress) of a "Cash Generating Unit" (CGU) to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

An assessment is made annually to see if there are any indications that impairment losses recognised earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognised. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversal of impairment loss is recognised in the statement of profit and loss.

2.14 Inventories

Medical consumables and drugs held at Nagarbhavi, Bengaluru hospital are valued at lower of cost or net realisable value. Cost is determined on first in first out basis. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

2.15 Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligation.

When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.16 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the standalone Ind AS financial statements.

2.17 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of Directors identified as chief operating decision-maker (CODM). The CODM is responsible for allocating resources and assessing performance of the operating segments. Segments are organised based on type of services delivered or provided. Segment revenue arising from third party customers is reported on the same basis as revenue in the standalone Ind AS financial statements. Segment results represent profits before finance charges, unallocated corporate expenses and taxes. "Unallocated Corporate Expenses" include expenses that relate to costs attributable to the Company as a whole and are not attributable to segments.

2.18 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares.

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of common shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding, for the effects of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earning per share from continuing operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the year, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each year presented.

2.19 Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.20 Financial instrument

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in statement of profit and loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets at FVTPL are measured at fair value at the end of each financial year, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind-AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

For the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company uses a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in the statement of profit and loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Financial liabilities

Financial liabilities are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the

effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees, transaction costs and other premiums or discounts, etc.) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantees issued by the Company on behalf of group companies are designated as 'Insurance Contracts'. The Company designates such insurance contracts as contingent liabilities.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Derivative financial instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in statement of profit and loss immediately.

2.21 Cash and cash equivalents (for the purpose of cash flow statement)

Cash and cash equivalents in cash flow statement comprise cash at bank and on hand and short term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.22 Investment in Subsidiary and associates

Investment in equity instruments of subsidiaries and associates are measured at cost less impairment, if any, in accordance with Ind AS 27.

2.23 Critical accounting judgement, estimates and assumptions

The preparation of the standalone Ind AS financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone Ind AS financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised and future years affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone Ind AS financial statements are included in the following accounting policies and/or notes:

Significant accounting estimates

(a) Useful life of property, plant and equipment

Useful lives of depreciable assets - Management reviews its estimate of the useful lives of depreciable assets at each year, based on the expected utility of the assets.

(b) Impairment of assets

In assessing the property, plant and equipment for impairment, factors such as changes in the Company's business plans are taken into consideration. The carrying value of the assets of a cash generating unit (CGU) is compared with the recoverable amount of those assets, that is, the higher of fair value less costs of disposal and value in use. Recoverable value is based on the management estimates of long-term plan, discount rates and other factors. Any subsequent changes to cash flow due to changes in the above mentioned factors could impact the carrying value of the assets.

(c) Defined benefit plans

The cost of the defined benefit plan and other long term employee's benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Significant judgement

(a) Accounting for Hospital and Medical Service agreement ("HMSA")

Clinical establishment is defined as a fully centrally air-conditioned institution established and specifically customised and duly fitted with all fixtures, fittings, medical equipment and infrastructure required for running and operating a hospital, offering:

- i) Doctors and services for diagnosis and treatment for illness, disease, injury, deformity and/or abnormality;
- ii) Diagnosis of diseases through radiological and other diagnostic or investigative services with the aid of laboratory or other medical equipment; and
- iii) Beds for in-patient treatment.

The Company has entered into Hospital and Medical Services Agreements ("HMSA") with hospital operating company wherein the Company is required to provide and maintain the Company's clinical establishment along with other services like outpatient diagnostic and radio diagnostic. The Company needs to exercise judgement to analyse whether the arrangement involves providing the right to use the Company's clinical establishment and whether the out-patient diagnostic and radio diagnostic services in the arrangement are significant to the overall arrangement.

The Company has analysed the substance of the contract and have determined that fulfilment of service arrangement is based on the use of specified assets and conveys right to use the Company's clinical establishments. However, substantial risk and rewards of the Company's clinical establishments are retained by the Company even though rights to use are given to hospital operating company. The Company has assessed that the out-patient diagnostic and radio diagnostic services in the arrangement are significant to the entire arrangement. Consequently, the Company's clinical establishments have been classified as part of property, plant and equipment.

(b) Straight lining of service fees as per HMSA

The Company has entered into HMSA with Fortis Malar Hospitals Limited for Malar Clinical Establishment at Chennai, wherein the Company will provide and maintain the clinical establishment along with providing other services towards out-patient diagnostics and radio diagnostic.

The clinical establishment owned by the Company are specifically customised and duly fitted with all fixture, fittings, medical equipment and infrastructure required for running and operating a hospital, offering:

- i) doctors and services for diagnosis and treatment for illness, disease, injury, deformity and / or abnormality,
- ii) diagnosis of diseases through radiological and other diagnostic or investigative services with the aid of laboratory or other medical equipment; and
- iii) beds for in-patient treatment

The term of the individual HMSA is 15 years and the Company receives a composite service fees i.e. base and variable fee. The base fee is fixed and increases 3% year on year. The variable fee is based on a percentage of the operating company's net operating income in accordance with the HMSA.

Fortis Health Management Limited

Notes to standalone Ind AS financial statements as at and for the year ended March 31, 2019

The Company analysed increase in base fee payments and has determined that such increase is to compensate the companies expected cost inflation, being in line with general cost inflation.

Accordingly, the escalation increase of 3% year on year is not factored for straight-lining over the period of HMSA.

(c) Going concern

The Company has prepared its standalone Ind AS financial statements using the going concern assumption. Refer note 45 of standalone Ind AS financial statement.

Fortis Health Management Limited

Notes to Standalone Ind AS financial statements as at and for the year ended March 31, 2019

(Amount in ₹ lakhs)

Particulars	As at	As at
	March 31, 2019	March 31, 2018
13. Trade receivables		
(a) Unsecured, considered good	355.33	734.05
(b) Unsecured, doubtful	156.64	106.13
(c) Allowance for doubtful debts (expected credit loss allowance)	(156.64)	(106.13)
	355.33	734.05

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss towards expected risk of delays and default in collection.

For the clinical establishment unit at Malar, as per terms of HMSA, the average credit period allowed is 05 to 11 days and up to 30 days for outlet vendors. For hospital at Nagarbhavi, the average credit period agreed with third party administrator (TPA) is 30 days, 60 days with corporate customer and 90 days with public sector units/government, parties covered under ex-servicemen contributory health scheme and central government health scheme. Trade receivables are unsecured and are derived from revenue earned from providing healthcare and other ancillary services. No interest is charged on the overdue outstanding balance (except balance pertaining to service fees), regardless of the age of the balance. The management has carried out the assessment of the customer and doesn't foresee any default in the payment.

The Company uses judgements to determine impairment of these trade receivables, based on the Company's historical experience towards potential billing adjustments, delays and defaults at the end of each year. The provision matrix used to compute the expected credit loss allowance for trade receivables is as follows:

(i) Provision matrix for the expected credit allowance except hospital

Ageing bucket	Expected credit allowance (%)
0 - 6 months	0%
More than 6 months	100%

(ii) Provision matrix - Nagarbhavi hospital

Type of customers	Allowance for deductions	Allowances for bad and doubtful debts			
		%	180 - 365 days	365 - 730 days	730 - 1095 days
Third party administrator	2.64%	0.00%	100.00%	100.00%	100.00%
Corporates	5.39%	10.00%	100.00%	100.00%	100.00%
Public sector units/Government	11.12%	0.00%	100.00%	100.00%	100.00%
Parties covered under ex-servicemen contributory health scheme	0.00%	0.00%	100.00%	100.00%	100.00%
Parties covered under central government health scheme	0.00%	0.00%	100.00%	100.00%	100.00%
Individuals	-	25.00%	100.00%	100.00%	100.00%

Notes:

- During the year 2017-18, the bank overdraft facility from IndusInd bank limited was secured by way of financial guarantee given by Escort Heart and Super Speciality Hospital Limited, International Hospital Limited and Fortis Global Healthcare Infrastructure Pte. Limited. The same has been repaid during the current year. (Refer note 34(a) (i)).
- During the year 2017-18 the Non convertible debentures issued to RHT Health Trust Services Pte. Limited was secured by way of financial guarantee given by International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited (Refer note 34(a)(ii)).
- During the year ended 2017-18 the immovable fixed assets of Fortis Malar Hospital, Chennai has been pledged against bank overdraft facilities availed by International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited from IndusInd bank (Refer note 34(a) (i)).
- During the year ended 2017-18 the immovable and movable assets of Fortis Malar Hospital, Chennai has been pledged against bank overdraft facilities availed by International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited from IndusInd bank (Refer note 34(a) (i)).

32. Leases**(a) Assets taken on operating lease**

The hospital premises and hostel for nurses at Nagarbhavi, Bengaluru and corporate office at Gurugram have been taken on operating lease. The agreements are further renewable at the option of the Company. There are escalation clauses in the respective lease agreements. For all cases, there are no restrictions imposed by lease arrangements and the rent is not determined based on any contingency. The total future minimum lease payments under the non-cancellable operating leases are as under:

Particulars	(Amount in ₹ lakhs)	
	As at March 31, 2019	As at March 31, 2018
Minimum lease payments		
Not later than one year	111.49	109.96
Later than one year but not later than five years	10.48	121.97
Later than five years	-	-
Total	121.97	231.93

The total lease payments in respect of such leases recognised in the statement of profit and loss for the year are ₹ 238.81 lakhs (March 31, 2018: ₹ 339.37 lakhs).

(b) Assets given on operating lease

The Company has leased out some portion of hospital premises on operating lease. The agreements are further renewable at the option of Company. There are no restrictions imposed by leased agreement and the rent is not determined based on any contingency. The total lease payment received/receivable in respect of the above leases recognised in statement of profit and loss for the year are ₹ 84.30 lakhs (March 31, 2018: ₹ 93.82lakhs).

(c) Revenue from HMSA

The Company has entered into a Hospital and Medical Services Agreement (HMSA) with Hospital operating company wherein the Company is required to provide and maintain the Company's Clinical Establishments along with other services like out-patient diagnostics and radio diagnostic etc. The term of the individual HMSA is 15 years and the Company is entitled to receive composite service fee i.e. base and variable fee. The base fee is fixed with increment clause of 3% year on year. The variable fee is based on a percentage of hospital operating companies' net operating revenue, in accordance with the HMSA. Future minimum base fee receivable at the end of the reporting period is as follows:

Particulars	(Amount in ₹ lakhs)	
	As at March 31, 2019	As at March 31, 2018
Minimum service fee		
Not later than one year	1,063.84	1,032.86
Later than one year but not later than five years	4,584.23	4,450.71
Later than five years	4,546.70	5,744.06
Total	10,194.77	11,227.63

33. Commitments

Particulars	(Amount in ₹ lakhs)	
	As at March 31, 2019	As at March 31, 2018
Estimated amount of contracts remaining to be executed on capital account and not provided for:		
- Tangible assets (Net of capital advance of ₹ 3.38 lakhs) (as at March 31, 2018 ₹12.50 lakhs)	456.67	523.44

(Handwritten signature)

The Company has other commitments, for purchase orders which are issued after considering requirements as per operating cycle for purchase/sale of services, employee's benefits. The Company does not have any long-term commitments or material non-cancellable contractual commitments/contracts, for which there were any material foreseeable losses.

34. Borrowings

(a) Secured borrowing

(i) Bank overdraft facility from IndusInd Bank Limited

Particulars	As at March 31, 2019	As at March 31, 2018
Principal Amount (₹ in lakhs)	-	471.21
Accrued interest (₹ in lakhs)	-	6.16
Rate of Interest (p.a.)	-	9.25%

During the Current year, the Company had withdrawn overdraft facility taken from IndusInd Bank.

The above mentioned bank overdraft facility was secured till January 11, 2019 by:

1. exclusive charge by way of hypothecation on movable fixed assets of the Fortis Malar Hospital, Chennai, held by Fortis Health Management Limited. The said assets was also been pledged against the bank overdraft facilities availed by its related parties i.e. International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited;
2. exclusive mortgage on immovable fixed assets of Fortis Malar Hospital, Chennai, held by Fortis Health Management Limited. The said property was also pledged against the bank overdraft facilities availed by its related parties i.e. International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited; and
3. financial guarantee by International Hospital Limited, Escorts Heart and Super Speciality Hospital Limited and Fortis Global Healthcare Infrastructure Pte. Limited.
4. Charge has been created on bank account maintained at the corporate location w.e.f. January 15, 2019.

(ii) Non-convertible debentures (NCD)

- A. The Company had issued NCDs to RHT Heath Trust Services Pte. Limited on October 14, 2015 which was sold to Fortis Healthcare Limited on January 15, 2019 (refer note 1(b)). The details are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Number of NCDs issued	116,000.00	116,000.00
Principal Amount (₹ in lakhs)	1,160.00	1,160.00
Rate of Interest (p.a.)	14.3%	14.3%
Accrued interest (₹ in lakhs)	541.96	386.70
Repayment term	The maturity date is 18 (eighteen) years from the date of issuance of the NCDs.	

As per the terms of the agreement dated October 14, 2015, the debentures were not secured with any of the assets of the Company. On July 12, 2017, the debenture agreement has been amended wherein a charge been created against the debentures issued. As per the terms of the revised agreement, NCDs have been secured through Axis Trustee Services Limited by way of following:

1. first and exclusive charge over the Company's Investment in equity shares of Fortis Hospotel Limited, Hospitalia Eastern Private Limited, International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited;
2. pledging of Corporate bank account held with IndusInd Bank; and
3. financial guarantee by International Hospital Limited and Escorts Heart and Super Speciality Hospital Limited.

- B. The principal amount of NCDs are repayable on October 13, 2033 and the interest on NCDs are payable on the half yearly basis i.e. July 13 and January 13 of every year.

During the previous year ended March 31, 2018, the Company had defaulted in payment of the interest as per the terms of the agreement. As per the amended agreement, consequent to the default in payment of interest, the outstanding principal and interest were repayable on demand. However, subsequent to the year ended March 31, 2018, the Board of Directors of RHT Health Trust Services Pte. Limited, the erstwhile lender of NCDs had confirmed through an extension letter dated September 24, 2018 that they will not call for the outstanding interest or/and principal till the time the Company is not in a position to make these payments. The Company did not expect to repay the principal and interest amount in its normal operating cycle i.e. 12 months and hence, the outstanding liabilities on account of principal and interest were re-classified from current to non-current as on March 31, 2018.

During the current year ended March 31, 2019, the extension letter received from RHSPL as mentioned above became invalid due to change in holder of the instrument from RHSPL to Fortis Healthcare Limited (refer note 1(b) for details). The Company continues with the default in the payment of interest and consequent to the default in the current year, the outstanding principal and interest are repayable on demand. Therefore, the outstanding liabilities has been re-classified from non-current to current as at March 31, 2019.

(b) Unsecured borrowings

(i) Optionally convertible debentures (OCDs)

- A. The Company issued OCDs to International Hospital Limited on September 17, 2012. The details of OCDs are summarised below:

Particulars	As at March 31, 2019	As at March 31, 2018
Number of OCDs issued	5,419,500.00	5,419,500.00
Principal Amount (₹ in lakhs)	54,195.00	54,195.00
Rate of Interest (p.a.)	9% to 22% depending upon earnings before interest and tax (EBT) of the Company. For the year ended March 31, 2019, EBT is less than ₹ 1,200 lakhs (for year ended March 31, 2018, EBT is less than ₹ 1,200 lakhs), therefore, interest rate is 9% p.a. (for the year ended March 31, 2018 @ 9% p.a.)	
Accrued interest (₹ in lakhs)	26,967.00	23,484.55
Repayment terms	The maturity date of OCDs is September 16, 2030 or earlier by giving a six month notice	

- B. In case of these OCDs, only the lender has the option to convert the outstanding amount into the equity shares of the Company. The interest on OCDs is payable on monthly basis or can be deferred upto a period of five years on a mutually agreed basis.

During the previous year ended March 31, 2018, the Company had defaulted in payment of the interest amount as per the terms of the agreement. As per the amended agreement, consequent to the default in payment of interest, the outstanding principal and interest were repayable on demand. However, subsequent to the year ended March 31, 2018, the Board of Directors of International Hospital Limited (IHL) had confirmed through an extension letter dated September 24, 2018 that they will not call for the outstanding interest or/and principal till the time the Company is not in a position to make these payments. The Company did not expect to repay the principal and interest amount in its normal operating cycle i.e. 12 months and hence, the outstanding liabilities as at March 31, 2018 on account of principal and interest were re-classified from current to non-current.

During the current year ended March 31, 2019, the letter provided by IHL has been revoked. The Company continues with the default in the payment of interest and consequent to the default as per the terms of agreement, the outstanding principal and interest are repayable on demand. Therefore, the outstanding liabilities has been re-classified from non-current to current as at March 31, 2019.

(ii) Redeemable preference shares

A. The Company issued redeemable preference shares to International Hospital Limited on October 20, 2012. The details are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Number of preference shares issued	62,803.00	62,803.00
Principal Amount (₹ in lakhs)	7,536.36	7,536.36
Rate of Interest using effective interest rate (p.a.)	11.43%	11.43%
Accrued interest (₹ in lakhs)	7,670.01	6,110.29
Repayment date	October 19, 2022	October 19, 2022

(iii) Redeemable preference shares

A. The Company issued redeemable preference shares to International Hospital Limited on July 27, 2011. The details are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Number of preference shares issued	29,000.00	29,000.00
Principal Amount (₹ in lakhs)	2,900.00	2,900.00
Rate of Interest using effective interest rate (p.a.)	11.46%	11.46%
Accrued interest (₹ in lakhs)	3,784.37	3,096.85
Repayment date	July 26, 2021	July 26, 2021

(iv) Loan from related party

A. The Company obtained intercorporate loan from International Hospital Limited. The details are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Principal Amount (₹ in lakhs)	-	1.00
Rate of interest (p.a.)	-	12%
Accrued interest (₹ in lakhs)	-	6.80

B. The loan has been repaid during the current year.

C. The Company obtained intercorporate loan from Fortis Hospotel Limited. The details are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Principal Amount (₹ in lakhs)	80.00	80.00
Rate of interest (p.a.)	12%	12%
Accrued interest (₹ in lakhs)	22.53	13.89

D. As per the terms of the loan agreement dated March 31, 2017, principal amount is repayable on March 31, 2019 or earlier as mutually agreed between the parties. During the previous year ended March 31, 2018, the Board of Directors of Fortis Hospotel Limited (FHTL) had confirmed through an extension letter dated September 24, 2018 that they will not call for the outstanding interest or/and principal till the time the Company is not in a position to make these payments. The Company did not expect to repay the principal and interest amount in its normal operating cycle i.e. 12 months and hence, the outstanding liabilities as at March 31, 2018 on account of principal and interest were re-classified from current to non-current.

During the current year ended March 31, 2019, the letter provided by Fortis Hospotel Limited revoked. The Company continues with the default in the payment of interest and consequent to the default, the outstanding principal and interest are repayable on demand. Therefore, the same has been re-classified from non-current to current as at March 31, 2019.

Handwritten signature.

35. Employee benefits plan

a. Defined contribution plan

Under the defined contribution plans, the Company makes provident fund (PF) and employee state insurance (ESI) contributions for qualifying employees. The Company is required to contribute a specified percentage of the salary to fund the benefits based on rates specified in the rules of the the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and Employees State Insurance Act, 1948 respectively. During the year, the Company has recognised the following amounts in the standalone statement of profit and loss under the defined contribution plans:

Particulars	(Amount in ₹ lakhs)	
	For the year ended March 31, 2019	For the year ended March 31, 2018
Contribution to provident fund	22.33	22.17
Contribution to employees state insurance	7.52	7.11

b. Defined benefit plan

The Company has a defined benefit gratuity plan, under which employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn basic salary) for each completed year of service. Vesting occurs upon completion of 5 years of service. The gratuity plan is unfunded.

The following table summarises the components of net benefit expenses recognised in the standalone statement of profit and loss and the amounts recognised in the standalone balance sheet:

i. Movement in net liability

Particulars	(Amount in ₹ lakhs)	
	As at March 31, 2019	As at March 31, 2018
Present value of obligation at the beginning of the year	28.18	25.71
Current service cost	6.96	6.91
Interest cost	1.73	1.80
Actuarial (gain) / loss recognised in other comprehensive income	3.98	(5.66)
Benefits paid	(10.93)	(0.58)
Present value of obligations at the end of the year	29.92	28.18
Present value of obligations at the end of the year: Non-current	27.32	25.81

The gratuity scheme is a defined benefit plan that provides for a lump sum payment made on exit either by way of retirement, death disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of services and paid lump sum at exit. The plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

- a) **Interest rate risk** - The defined benefit obligation is calculated using discount rate based on government bonds. If bond yield falls the defined benefit obligation will tend to increase.
- b) **Salary inflation risk** - Higher than expected increases in salary will increase the defined obligation.
- c) **Demographic risk** - This is the risk variability of results due to unsystematic nature of decrements that include mortality, withdrawal disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria.

Notes:

- a. The estimates of future salary increases, considered in actuarial valuation, takes into account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- b. Significant actuarial assumption for the determination of the defined obligation are discounted rate, expected salary increase and mortality. The sensitivity analyses below has been determined based on reasonably possible changes of the respective assumptions at the end of the reporting period, while holding all other assumptions constant.
 - If the discount rate is 0.5% higher (lower), the defined benefit obligation would decrease by ₹ 1.45 lakhs (Increase by ₹ 1.33 lakhs) (as at March 31, 2018: decrease by ₹ 1.08 lakhs (increase by ₹ 1.17 lakhs)).
 - If the expected salary growth increases (decreases) by 1% the defined benefit obligation would increase by ₹ 2.99 lakhs (decrease by ₹ 2.57 lakhs) (as at March 31, 2018 by 0.5%: increase by ₹ 1.16 lakhs (decrease by ₹ 1.08 lakhs)).
 - If the withdrawal rate increases (decreases) by 5% the defined benefit obligation would decrease by ₹ 1.25 lakhs (increase by ₹ 1.22 lakhs) (as at March 31, 2018: decrease by ₹ 0.98 lakhs (decrease by ₹ 0.96 lakhs)).

Method used for sensitivity analysis

The above sensitivity results determine their individual impact on the plan's year end defined benefit obligation. In reality, the plan is subject to multiple external experience items which may move the defined benefit obligation in similar or opposite directions, while the plan's sensitivity to such changes can vary over time. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet. There was no change in the methods and assumptions, except the discount rate used in the preparing the sensitivity analysis from prior year.

36. Financial Instruments

36.1 Capital management

The Company manages its capital to ensure that the Company will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Company is not subject to any externally imposed capital requirements.

The Company's Board review the capital structure of the Company on need basis. The funding requirements are met through a mixture of internal fund generation, optionally convertible debt securities, redeemable preference shares, borrowings from related parties and borrowing from banks. The Company has received support letter from its holding company, i.e. Fortis Healthcare Limited for continuous unconditional financial support enabling it to meet its operating, capital and financing requirements for at least 12 months from the date of the standalone Ind AS financial statements.

36.2 Categories of financial instruments

Details of financial assets measured at amortised cost is as follows:

(Amount in ₹ lakhs)

Particulars	As at March 31, 2019		As at March 31, 2018	
	Amortised cost	Fair value	Amortised cost	Fair value
Cash and cash equivalents	141.46	141.46	294.78	294.78

Other financial liabilities – current	31.79	31.79	85.36	85.36
Other financial liabilities – non-current	19.07	14.63	24.07	24.07
Total	105,478.76	102,396.04	1,00,170.06	1,00,170.06

- * During the year ended March 31, 2019, Optionally convertible debentures issued to International Hospital Limited and accrued interest thereon has been re-classified from non-current to current on account of the reasons stated in note no. 34(b)(i) of this standalone Ind AS financial statements. The carrying value of financial liabilities measured at amortised cost in the standalone Ind AS financial statements are a reasonable approximation of their fair value since the Company does not anticipate that carrying value would be significantly different from the values that would eventually be settled.
- ** During the year ended March 31, 2019, Non-convertible debentures issued to Fortis Healthcare Limited and accrued interest thereon has been re-classified from non-current to current on account of the reasons stated in note no. 34(a)(ii) of this standalone Ind AS financial statements. The carrying value of financial liabilities measured at amortised cost in the standalone Ind AS financial statements are a reasonable approximation of their fair value since the Company does not anticipate that carrying value would be significantly different from the values that would eventually be settled.
- *** During the year ended March 31, 2019, Intercompany loan received from Fortis Hospotel Limited and International Hospital Limited and accrued interest thereon has been classified from non-current to current on account of the reasons stated in note no. 34(b)(iv) of this standalone Ind AS financial statements. The carrying value of financial liabilities measured at amortised cost in the standalone Ind AS financial statements are a reasonable approximation of their fair value since the Company does not anticipate that carrying value would be significantly different from the values that would eventually be settled.

36.3 Financial risk management objectives

The Company's financial liabilities mainly comprise of borrowings, trade payables and other payables. The Company's financial assets mainly comprise of cash and cash equivalents, loan to related parties and trade receivables and other financial assets. The Company's management provides services to the business, coordinates access to domestic financial markets, monitors and manages financial risks relating to operations of the Company. These risks include market risk, liquidity risk and credit risk.

Below mentioned disclosures summaries the Company's exposure to financial risks. Quantitative sensitivity analysis have been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: currency risk, interest rate risk and other price risk. The Company is not exposed to other price risk.

(a) Currency risk

The Company has no exposure from the international market as the Company operations are in India only. Hence the Company is not exposed to currency risk.

(b) Interest rate risk management

The Company is exposed to interest rate risk because Company borrows funds at both fixed and floating interest rates and invests in debt oriented mutual funds. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. These exposures are reviewed by appropriate levels of management. The Company invests cash and current financial assets in debt mutual funds to achieve the Company's goal of maintaining liquidity, carrying manageable risk and achieving satisfactory returns. Floating rate financial assets are largely mutual fund investments which have debt securities as underlying assets. The returns from these financial assets are linked to market interest rate movements. The Company regularly monitors the market rate of interest to mitigate the risk exposure. The Company's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note.

Interest rate sensitivity analysis

The sensitivity analyses is determined based on the exposure to interest rates at the end of the year. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the year was outstanding for the whole year.

AL

cu

The Company obtained a floating rate bank overdraft facility from its bankers which was repaid fully on January 11, 2019. As at March 31, 2019, there no outstanding liabilities which are exposed to interest rate changes.

(Amount in ₹ lakhs)

If increase by 50 basis point		
Particulars	For the year ended March 31, 2019	For the year ended March 31, 2018
Increase in loss for the year	-	(2.39)
Decrease in total equity as at the end of the year	-	(2.39)

(Amount in ₹ lakhs)

If decrease by 50 basis point		
Particulars	For the year ended March 31, 2019	For the year ended March 31, 2018
Decrease in loss for the year	-	2.39
Increase in total equity as at the end of the year	-	2.39

(ii) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's exposure to credit risk arises primarily from trade receivables.

• Trade receivable

Majority of trade receivables are from corporate client which are credit worthy parties and the management has carried out the assessment of the customer and doesn't foresee any default in the payment. As at March 31, 2018: majority (92%) of trade receivable were receivable from hospital operating company which was related party. For other trade receivables at clinical establishment and hospital at Nagarbhavi, majority of them represented corporate clients which are credit worthy parties.

• Other financial assets

For other financial assets including cash and bank balances, security deposits and investment in mutual funds, the Company minimises credit risk by dealing with creditworthy counterparties.

(iii) Liquidity risk management

(Amount in ₹ lakhs)

37. Loss per share (EPS)

Particulars	Denomination	Year ended March 31, 2019	Year ended March 31, 2018
Loss as per statement of profit and loss	₹ in lakhs	(6,224.37)	(6,119.85)
Weighted average number of equity shares in calculating basic EPS	Numbers in lakhs	25	25
Weighted average number of equity shares in calculating diluted EPS	Numbers in lakhs	25	25
Basic and diluted EPS	₹	(248.97)	(244.79)

The Company has issued optionally convertible debentures to the International Hospital Limited (lender) on September 17, 2012. These debentures are convertible at the option of lender at any time on or prior to the maturity date as specified in the agreement in to such number of shares and at such price per share as the parties may mutually agree at the time of the conversion. Therefore, impact of these potential equity shares has not been considered while computing diluted earnings per share.

38. Details of dues to Micro and Small Enterprises as per MSMED Act, 2006

During the period ended December 31, 2006, Government of India has promulgated an Act namely, the Micro, Small and Medium Enterprises Development Act, 2006 which came into force with effect from October 2, 2006. As per the Act, the Company is required to identify the Micro, Small and Medium suppliers and pay them interest on overdue beyond the specified period irrespective of the terms agreed with the supplier. The Company has certain dues to suppliers registered under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act).

The disclosures pursuant to the said MSMED Act are as follows:

Particulars	(Amount in ₹ lakhs)	
	As at March 31, 2019	As at March 31, 2018
(a) Principal amount remaining unpaid to any supplier as at the end of the accounting year	32.80	21.28
(b) Interest due thereon remaining unpaid to any supplier as at the end of the accounting year	1.18	0.97
(c) The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day	-	-
(d) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act	-	-
(e) The amount of interest accrued and remaining unpaid at the end of the accounting year	-	-
(f) The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23	-	-

Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the management. This has been relied upon by the auditor.

40. Segment reporting

A) Description of segment and principle activities

The Board of Directors of the Company have been identified as chief operating decision maker (CODM). Information reported to CODM for the purposes of resource allocation and assessment of segment performance focuses on the type of services delivered or provided. CODM have chosen to organise the Company around differences in services provided. The Company is engaged in the business of providing clinical establishment (CE) services at Malar and running hospital operations at Bengaluru.

The Company's reportable segments under Ind AS 108 are as follows:

- (a) Clinical establishment
- (b) Hospital operations

There are no geographical segments as all the operations of the Company are only in India.

The following table presents revenue and profit information regarding the Company's business segments:

For the year ended March 31, 2019		(Amount in ₹ lakhs)	
Particulars	Business segments

41. Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961. Since the law requires the existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation of international transactions with the associated enterprises during the financial year and expects such records to be in existence latest by the due date of filing of accountant's report under section 92E of the Income Tax Act, 1961. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the standalone Ind AS financial statements, particularly on the amount of tax expense and that of provision for taxation.

42. Contingent liability**Claims against the company not acknowledged as debt**

S.No.	Particulars	(Amount in ₹ lakhs)	
		As at March 31, 2019	As at March 31, 2018
1	Litigation with respect to medical cases	20.00	20.00

Based on a review of the legal position, the management believes that it is possible, but not probable, that the demands mentioned above will arise and accordingly no provision for any liability has been made in these standalone Ind AS financial statements.

As at March 31, 2019, the Company has certain other outstanding assessments/litigations for tax, litigations with respect to medical cases and other legal matters pending with different authorities. Based on the management's own assessment, the Company believes that an unfavorable outcome is remote for these outstanding assessments/litigations. Hence, not disclosed as contingent liabilities.

Further, as per the sponsor agreement/share purchase agreement dated September 18, 2012 the Company is indemnified by Fortis Healthcare Limited for any losses suffered or to be suffered arising from following cases:

S. No.	Particulars	(Amount in ₹ lakhs)	
		As at March 31, 2019	As at March 31, 2018
1	Litigation with respect to medical cases	5.50	5.50

43. Financial guarantee contracts

The Company had issued financial guarantee to IndusInd bank in respect of overdraft facilities availed for working capital requirement by group companies namely International Hospital Limited, Escorts Heart and Super Specialty Hospital Limited. In accordance with the policy of the Company, the Company has designated such guarantees as 'Insurance Contracts'. The Company has classified financial guarantees as contingent liabilities.

During the current year, the Company had settled the overdraft facility and withdrawn guarantee. Accordingly, there were no liabilities recognised in the balance sheet under these contracts.

(a) Details of the guarantee issued in respect of overdraft facilities availed for working capital requirements for the following related parties.

44. Disclosure as per Section 186 (4) of Companies Act, 2013

- (i) The particulars of the loan given by the Company as required to be disclosed by Section 186 (4) of Companies Act, 2013 are as follows:

(Amount in ₹ lakhs)

Nature of the Instrument	Issuer's name	Rate of Interest/ Premium on redemption	Redemption/ Termination Date	Secured/ Unsecured	Principal amount outstanding as at	
					March 31, 2019	March 31, 2018
Inter-Corporate Deposits	Hospitalia Eastern Private Limited	12.00% per annum	March 31, 2019	Unsecured	252.40	252.40

Note: As per the terms of the loan agreement dated March 31, 2017, principal amount is receivable on March 31, 2019 and the interest is receivable on demand or as mutually agreed between the parties.

During the previous year March 31, 2018; the Board of Directors of the Company had agreed to extend the amount of principal and interest receivable as long as Hospitalia Eastern Private Limited is not in a position to make these payments. The Company did not expect to receive the principal and interest amount in its normal operating cycle i.e. 12 months and hence, the outstanding receivables as at March 31, 2018 on account of principal and interest were re-classified from current to non-current.

During the current year ended March 31, 2019, the letter provided by the Company has been revoked and hence, the outstanding receivable on account of principal and interest as at March 31, 2019 has been re-classified from non-current to current.

- (ii) The particulars of the investments in equity shares by the company as required to be disclosed by Section 186 (4) of Companies Act, 2013 are as follows:

(Amount in ₹ lakhs)

Issuer's name	Redemption/ Termination Date	Secured/ Unsecured	Principal outstanding amount as at	
			March 31, 2019	March 31, 2018
Fortis Hospotel Limited	Not applicable	Unsecured	37,728.39	37,728.39
Hospitalia Eastern Private Limited	Not applicable	Unsecured	6.99	6.99
International Hospital Limited	Not applicable	Unsecured	10,946.28	10,946.28
Escorts Heart and Super Speciality Hospital Limited	Not applicable	Unsecured	3,375.34	3,375.34
Clover Energy Private Limited	At the time of termination of agreement	Unsecured	0.01	27.90

[Handwritten signature]

- (iii) The particulars of the investments in redeemable preference shares by the Company as required to be disclosed by Section 186 (4) of Companies Act, 2013 are as follows

(Amount in ₹ lakhs)

Issuer's name	Premium on redemption	Redemption Date	Secured/ Unsecured	Principal outstanding amount as at	
				March 31, 2019	March 31, 2018
Hospitalia Eastern Private Limited	Nil	September 30, 2022	Unsecured	40	40
Hospitalia Eastern Private Limited	₹1500 per share	April 3, 2021	Unsecured	1,350	1,350

Note: The redemption date specified above are the dates as per the terms of the agreement however, the Company has option for early redemption of preference shares by giving 30 days' notice.

During the previous year ended March 31, 2018; the Board of Directors of the Company had confirmed through an extension letter dated September 24, 2018 that they will not call for the amount of principal for redeemable preference shares as long as Hospitalia Eastern Private Limited is not in a position to make those payments. The Company did not expect to receive the principal and interest amount in its normal operating cycle i.e. 12 months and hence, the outstanding liabilities as at March 31, 2018 on account of principal for redeemable preference shares were re-classified from current to non-current.

During the current year ended March 31, 2019, the letter provided by the Company has been revoked and hence, the outstanding receivable on account of principal amount of redeemable preference shares as at March 31, 2019 has been re-classified from non-current to current.

- (iv) During the previous year, the Company has issued financial guarantee in respect of overdraft facilities availed for working capital requirements from IndusInd bank limited for the related parties in the table given below. In accordance with the policy of the Company, the Company has designated such guarantees as 'Insurance Contracts'. The Company has classified financial guarantees as contingent liabilities.

During the current year, the Company had settled the overdraft facility and withdrawn guarantee. Accordingly, there are no liabilities recognised in the standalone Ind AS Financial Statements under these contracts.

(Amount in ₹ lakhs)

Entity name	As at March 31, 2019	As at March 31, 2018
International Hospital Limited	-	2,600.00
Escorts Heart and Super Specialty Hospital Limited	-	1,500.00
Fortis Hospital Limited	-	-
Total	-	4,100.00

- (v) The Company has issued financial guarantee to debenture trustee (Axis Trustee Services Limited) for Non convertibles Debentures issued by the borrower for expansion and development of business and for general corporate purpose for the related parties in the table given below. In accordance with the policy of the Company, the Company has designated such guarantees as 'Insurance Contracts'. The Company has classified financial guarantees as contingent liabilities. Accordingly, there are no liabilities recognised in the balance sheet under these contracts.

(Amount in ₹ lakhs)

Entity name	Date of guarantee given	As at March 31, 2019	As at March 31, 2018
International Hospital Limited	July 12, 2017	25,760.00	25,760.00
Escorts Heart and Super Specialty Hospital Limited	July 12, 2017	31,304.00	31,304.00
International Hospital Limited	October 21, 2017	17,000.00	17,000.00
Hospitalia Eastern Private Limited	October 24, 2017	7,000.00	7,000.00
Total		81,064.00	81,064.00

45. Going concern

The Company has accumulated losses of ₹ 45,376.31 lakhs as at March 31, 2019 including loss of ₹ 6,224.37 lakhs incurred during the current year as against equity share capital of ₹ 250 lakhs. Further, the Company has current liabilities of ₹ 83,673.34 lakhs and current assets of ₹ 2,386.65 lakhs as at March 31, 2019. The Company's current liabilities exceeds its current assets by ₹ 81,286.69 lakhs. The net worth of the Company has been completely eroded. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business. The Company proposes to fund its operations in near future primarily from funds committed by the holding company i.e., Fortis Healthcare Limited which has confirmed that it will provide continuous unconditional financial support to the Company enabling it to meet its operating, capital and financing requirements for at least 12 months from the date of the standalone Ind AS financial statement. This will enable the Company to settle its obligations as and when they fall due and operate as a going concern. The management of the Company expects to generate positive operating cash flows in the foreseeable period. Accordingly, the standalone Ind AS financial statements of the Company have been prepared using the going concern assumption.

46. Approval of financial statements

The standalone Ind AS financial statements were approved for issue by the board of directors on May 23, 2019.
