

### Chola Investment to acquire 72% in Payswiff for ₹450 cr

**PRESS TRUST OF INDIA**  
New Delhi, January 17

**CHOLAMANDALAM INVESTMENT AND Finance Company** on Monday said it plans to acquire 72.12% stake in fintech payment solutions provider Payswiff Technologies for ₹450 crore.

The company, an NBFC, is part of the Murugappa Group. Cholamandalam Investment has signed a shareholders' agreement and a share purchase agreement on January 17 with Payswiff, its founders and other existing shareholders, according to a regulatory filing. "The total investment will result in the company holding up to 72.12% of the equity capital of Payswiff on a fully diluted basis and Payswiff consequently will become a subsidiary of the company," it said.

The cash deal may take place in one or more tranches at a price of ₹1,622.66 per share. Payswiff is engaged in the business of enabling online payment gateway services for e-commerce businesses and provides e-commerce solutions. Payswiff is an omnichannel payment transaction solution that lets business owners accept payments from their customers in-store, and on-the-go using mPOS and POS solutions, it said.

### DEAL IN THE OFFING Axis Bank closing in on Citi India's consumer biz

**Kotak Mahindra Bank is still in the race, but has submitted a lower bid than Axis Bank, so ranks second in Citi's order of preference**

**NUPUR ANAND**  
Mumbai, January 17

**AXIS BANK HAS** emerged as the frontrunner to buy Citi's consumer business in India, which is being valued at around \$1.5 billion in a planned deal that's likely to happen this month, according to two sources with direct knowledge of the matter. Another Indian lender, Kotak Mahindra Bank, is still in the race but has submitted a lower bid than Axis Bank and ranks second in Citi's order of preference, the sources told Reuters.

Wall Street giant Citi said last year that it would exit its consumer franchises in 13 markets, including India, as it refocuses on its more lucrative institutional and wealth management businesses. Its Indian consumer banking business comprises credit cards, home loans and retail banking. Acquiring the assets would strengthen the high-end credit card and mortgage businesses of Axis Bank, India's third largest private lender, analysts at ICICI Direct said in a note. "The acquisition of Citi's India retail business would further help Axis Bank to expand their reach and create more opportunities," they added.

Citi has been in India for decades and was among the first bank to introduce Indians to credit cards in 1987. It had a portfolio of 2.57 million credit cards in the country as of November, according to the Indian central bank, while Axis Bank's card portfolio exceeded 7.9 million. Even though Axis has more cards, Citi reported higher spend per card.

Citi's total retail loan book in India stood at ₹21,600 crore (\$2.91 billion) for 2021, Systematic Institutional Equities said in a report last month.

### HDFC Bank shares fall after Q3 results despite broadband growth

**FE BUREAU**  
Mumbai, January 17

**DESPITE LOWER GROWTH** in fee income, brokerages have increased price targets for HDFC Bank shares. The country's largest private bank reported an 18% year-on-year (Y-o-Y) rise in its October-December net profit to ₹10,342.2 crore — primarily backed by stable asset quality and a healthy rise in the net interest income (NII).

Shares of the bank dipped in Monday's trading session and closed at ₹1,521.55 on the BSE, down ₹23.70 or 1.5%. "The numbers overall looked okay for the private bank, even on the provisioning side; however, it broadly failed to excite the market. Further, the fee income has been negative for the bank, however, this is not durable and will improve in the coming quarters. Going ahead, bottom line performance for the industry is expected to improve amid a decline in the credit cost in H1CY22, while revival in credit offtake is seen to be instrumental in driving earnings trajectory from H2CY22 onwards," Pankaj

Pandey, head of research, ICICI Direct, told FE.

YES Securities, while maintaining an 'Add' rating on HDFC Bank, revised its target price downward to ₹1,735 from ₹1,750 earlier, saying weakness in fees from payments business is a new challenge. "Management explained that the overall payments business fee growth was negative YoY due to fee waivers being given out as incentive. It also said the practice of fee waivers could be adopted again going forward on an intermittent basis. At the same time, they emphasized that there is no pressure on MDR (merchant discount rates) or interchange fee from a rate point of view. They expect a long-term CAGR of mid to high teens for card fees and reversion to such trajectory could take 2-4 quar-

ters. They explained that the profitability of the credit card business could be retained, even if fees declined, by adjusting reward points and cash-backs," it noted.

HDFC Bank's bottom line was led by a healthy pick-up in the retail segment, Motilal Oswal said, adding that growth in commercial and rural banking also remained robust and broadly the earnings were in line, despite additional contingent provisions. "Asset quality ratios have improved, while the restructured book too moderated to ~1.4% of loans. Healthy provisioning coverage and a contingent provision buffer provide comfort on asset quality. Pick up in loan growth, particularly Retail, would aid NII and margin, which would drive profitability in the coming quarters," it said.

Foreign brokerage firm CLSA said, "We expect earnings to be resilient with an 18% EPS CAGR over FY22-24CL as the bank carried large provisioning buffers on our credit cost assumption of c.100 bps for FY23/24CL," the brokerage said, with a 'BUY' rating and a target price of ₹2,025.

### Banks, financial entities struggling to cope with rising frauds: Deloitte India survey

**PRESS TRUST OF INDIA**  
New Delhi, January 17

**IN THE WAKE** of Covid-19 and new digital operations, banking and financial institutions have been struggling to deal with an increasing number of fraud incidents, and the trend is expected to continue, a Deloitte India survey said on Monday.

Key reasons identified for the increase in frauds over the next two years include large-scale remote working models, increase in customers using non-branch banking channels and the limited/ineffective use of forensic analytics tools to identify potential red flags,

Deloitte Touche Tohmatsu India LLP (DTTL) said in a release.

"In the wake of Covid-19 and new digital operations, banking and financial institutions have been struggling to deal with an increasing number of fraud incidents," the Deloitte India Banking Fraud Survey said, adding "this trend is expected to continue, with 78% respondents stating that frauds could increase over the next two years."

According to the findings, retail banking was identified as a major contributor to fraud incidents, with 53% of respondents indicating that they had

experienced more than 100 frauds (over the last two years) — a 29% rise since the previous edition.

Similarly, the non-retail segment saw an average of 20 frauds, highlighted by 56% of survey respondents — again, a 22% rise.

"Additionally, data theft, cybercrime, third-party-induced fraud, bribery and corruption, and fraudulent documentation have been identified as the top five concerns with over 42% of respondents (cumulative) reporting to be victims of these," the release stated.

Survey respondents indicated that the top three out-

comes of Covid-19 on their Fraud Risk Management (FRM) function would be increased dependence on analytical tools for fraud monitoring and detection (25%), the need to create awareness about fraud among customers and employees (23%), and a change in the target operating model to enhance capabilities of the remote FRM function (21%).

Speaking on the launch of the survey findings KV Karthik, partner, financial advisory, Deloitte India, said the impact of the pandemic has resulted in institutions across the globe operating in an entirely new environment.

**Gujarat NRE Coke Limited - in Liquidation**  
**PUBLIC NOTICE OF AUCTION**  
Notice is hereby given by the undersigned to the public in general that the below mentioned assets and items owned by Gujarat NRE Coke Limited - in Liquidation ("GNCL"), is being sold "via e-Auction" under the terms and conditions specified below. These items are being sold on an "AS IS WHERE IS WHATEVER THERE IS AND WITHOUT RECOURSE BASIS" and as such, the sale is without any kind of warranties and indemnities. The under mentioned items will be sold by online e-Auction starting from Wednesday, February 02, 2022. Re-auction of unsold items/assets will be announced through the website of the corporate debtor and shall not be published in any newspaper. Potential Bidders are required to visit [www.gujaratnrecoke.com](http://www.gujaratnrecoke.com) to keep themselves updated regarding all such subsequent auction dates and time.

Auction Date and Time	Wednesday, February 02, 2022 from 11:00 AM to 4:00 PM. Each auction will have unlimited extension of "5 minutes" i.e. the end time of the e-Auction will be extended by 5 minutes each time if bid is made within the last 5 minutes before closure of auction.
Assets / Items for Sale	Scrap, Material Handling Equipments and Motor Vehicles lying in coke unit of Gujarat NRE Coke Limited (in Liquidation) at Dharwad, Karnataka. All relevant information regarding the assets/items being sold and the relevant terms and conditions regarding the auction are available on the website <a href="http://www.gujaratnrecoke.com">www.gujaratnrecoke.com</a> .
Participating in the Auction	All interested buyers must adhere to the relevant and applicable Terms and Conditions or Process Memorandum (as the case may be) as specified on the website <a href="http://www.gujaratnrecoke.com">www.gujaratnrecoke.com</a> .
Last date for submission of EMD	05:00 PM on Tuesday February 01, 2022
Inspection	To schedule inspection, please write to liquidator.gncl@decodersolvency.com with details requesting the same.

All interested bidders are advised to contact the undersigned only by email, by writing to liquidator.gncl@decodersolvency.com, no other modes of communication would be entertained.

### Exports of oilmeal down 67% in Dec

**FE BUREAU**  
Pune, January 17

**OILMEAL EXPORTS FELL** 67% to 1.7 lakh tonne in December due to a decline in export of soybean and rapeseed meal, according to the Solvent Extractors Association of India (SEA).

The association, which has compiled the export data for December, said 1,70,338 tonne of oilmeal was exported in the month, compared to 5,16,006 tonne in the corresponding period last year. The overall export of oilmeals during April-December dropped 28% to 1,766,687 tonne, compared with 2,467,564 tonne.

"Soybean crush margins in India are currently squeezed by pressure on meal prices and relatively high price expectation of farmers for soybean seed, which is currently quoted over ₹6,300 per quintal," SEA said. "At present, India is out- priced for soybean meal export. Ex-Kandla are quoted at \$750 per tonne as against Brazil origin's \$535 per tonne and Argentina's \$525 per tonne," the association said. "India is unlikely to be competitive for export in next 2-3 months due to high price of domestic soybean seed. Lesser crushing of soybean has resulted in higher import of crude soybean oil. In case of rapeseed, seeds are not available for crushing and that has affected export of rapeseed meal in the last two months."
